

# Private Lessons

Private lessons are a wonderful way to enhance your dance instruction.

Whether you want to focus on your ballet technique or learn a new dance genre, we can match you with an instructor in a customized lesson. Private lessons are available in every genre we offer and can be arranged to suit your needs.

To get started, you may either talk with your teacher or e-mail [stephanie@suzannesdancestudio.com](mailto:stephanie@suzannesdancestudio.com). We are happy to coordinate teacher/studio availability and answer any questions you may have.

It is recommended that you schedule your lesson at least 10 days in advance. No show lessons will be charged the full rate.
